CREATIVE COMMONS

Here's where you can browse all the videos on Vimeo that have a Creative Commons license applied to them. Creative Commons licenses enable members to grant copyright permissions on their videos so others can copy, distribute, edit, remix, and build upon them while giving credit to the original video's creator. [Learn more about Creative Commons](#)

- Attribution** You let others copy, distribute, display, and perform your copyrighted work—and derivative works based upon it—but only if they give credit the way you request.
- Share Alike** You allow others to distribute derivative works only under a license identical to the license that governs your work.
- Non-Commercial** You let others copy, distribute, display, and perform your work—and derivative works based upon it—but for non-commercial purposes only.
- No Derivative Works** You let others copy, distribute, display, and perform only verbatim copies of your work, not derivative works based upon it.
- Public Domain Dedication** The person who associated a work with this deed has dedicated the work to the public domain by waiving all of his or her rights to the work worldwide under copyright law, including all related and neighboring rights, to the extent allowed by law. You can copy, modify, distribute and perform the work, even for commercial purposes, all without asking permission.

The screenshot shows the OpenUCT website interface. At the top left is the University of Cape Town logo. The main header features the 'OpenUCT' logo in large blue letters, followed by a decorative graphic of colorful wavy lines and a 'UCT LOGIN' link. Below the header is a navigation bar with a search box containing the word 'medicine' and a 'Search' button. To the right of the search box are links for 'All content', 'Research', 'Teaching and learning', and 'All content'. Below the navigation bar is a 'Communities' section with a 'Select a community' dropdown menu. The communities listed are: Centre for Higher Education Development, Faculty of Commerce, Faculty of Engineering & Built Environment, Faculty of Health Sciences, Faculty of Humanities, and Faculty of Law. Each community card includes a photograph and a brief description of a research project or article. On the right side of the page, there is a 'News' section with two articles: 'Farewell from the OpenUCT Initiative team!' and 'OpenUCT Guide series launch'. Below the news section is a 'Discover' section with the title 'Author' and a list of names: Proudlock, Paula (72); Leibbrandt, Murray (58); and Czerniewicz, Laura (50).

Procedures in emergency medicine: oropharyngeal airway insertion

<http://hdl.handle.net/11427/2601>

[Faculty of Health Sciences](#) > [Dept. of Surgery](#) > [Division of Emergency Medicine](#)

This video is part of a series of videos demonstrating common procedures performed in the Emergency Medicine setting. It was prepared by Cape Town Emergency Medicine's consultants and registrars. This short simulated video demonstrates the technique of insertion of an oropharyngeal airway. This resource is useful for medical students learning about emergency medical procedures.
